

## The 1-Clic® Vial System from Centor features:

- An easy-open reversible closure that can be used in a child-resistant or a non-child-resistant position, a feature seniors value
- A single audible “click” that indicates the closure has been secured properly
- Optimized area for labeling
- Availability in seven convenient sizes
- Commended for ease of use by the Arthritis Foundation

1-Clic® vials meet all USP requirements and U.S. Consumer Product Safety Commission regulations for child-resistant, senior friendly packaging when used in the child-resistant position.
