

ADVANCE YOUR BUSINESS AND LEADERSHIP SKILLS

As part of the UC James L. Winkle College of Pharmacy, the pharmacy leadership program combines leadership and professional development in a series of healthcare, business, and management courses. The curriculum provides a customized learning experience to prepare pharmacists for advancement in their careers as leaders and managers in the pharmacy field.

PROGRAM HIGHLIGHTS

- **100% online** with flexibility to balance school, work, and personal schedules
- **Scholarships** are available to assist with tuition
- Learn from faculty with **real-world experience**
- **Transformative curriculum** apply lessons learned today immediately in your field tomorrow
- **Unique alternative** to an MBA, MHA, or MHI degree for Pharmacists

At the **University of Cincinnati**, our approach is *scientific*. It's for thinkers and doers. For *inventors* and *explorers*. For professionals ready to make an impact in one of the fastest-growing and increasingly science-driven fields. And it's delivered by world-renowned faculty, 100% online.
