the app

**Order medications.** All your prescriptions are now in one place. You can even see how much you might save if you get them filled at Express Scripts® Pharmacy. Simply select the ones you wish to order, and they'll be delivered right to your door.

**Check order status.** See exactly when your order is placed, processed, shipped, and delivered whether you are deployed or relocating.

**Schedule delivery.** Receive real-time updates as we fill and ship your order. Set up shipments to a temporary address during deployment, relocation, or vacation. If your address changes, your home delivery order moves with you.

**Request refills:** Review which prescriptions are ready for refills and find opportunities to save. Move any of your eligible prescriptions to delivery from Express Scripts® Pharmacy.

**Make payments.** Active duty family members, retirees and eligible beneficiaries can easily pay their TRICARE copays with a debit card, credit card, checking account, or PayPal account. Active Duty Service Members always have a \$0 copay for up to 90-day supplies.

**Set up dose reminders.** Stay on track with your treatment with automated alerts reminding you when it's time to take your medications.
